

The 1983 Wanderlodge motor home was purchased by us in March 2013. At the time of purchase, it had 3,392 engine hours. It now has 3,831.1 engine hours.

Since purchased the following items have been replaced with new products and/or updated:

Attwood stainless marine electric water heater 11 gallon capacity with engine loop, and all plumbing & valves correct.

Replaced refrigerator with RM 2852 with black front panels. New Amish cooling unit installed 10/2019.

New brakes installed - front & rear. New seals & bearings in front, new slack adjusters, hoses & brake cans in front. Rear has new seals shoes, hoses, and cans.

New Koni shocks on all 4 corners.

Engine room - All new hoses, coolant & fuel PCV's rebuilt, adjusted valves. Replaced throttle rod seals. New valve cover gaskets. New belts green stripe. New CAT idler bearing & shaft replaced. New A/C idler installed. New A/C clutch, new fan blade, new Bendix air compressor & coolant lines.

Power steering pump rebuilt, with all new hoses.

New Safe steer blue.

New Dunlop tires installed approximately October 2016

Front end aligned October 2016 with no wear showing on tires

Exterior lighting:

- 2- new OEM amber lenses & bases on front of coach
- 4- new OEM red lenses & bases on rear of coach
- 2- new - round back up lights on rear
- 16- new upper clearance lights

New SS front hub caps & new SS top hats in rear with all new 1 1/2 stainless lug covers

Step valve replaced with valve from Dupree products.

Both roadside couch and dining booth are recovered, along with a recliner and foot stool are in living area.

We replaced bamboo floor in living area. New carpet installed on doghouse, and driver and passenger floors - insulation included.

Central vac system - new motor and factory bags with original hose.

Interior lighting updated with LED lights, with exception of 2 fluorescent bulbs in kitchen area.

All struts for overhead airplane cabinets replaced with new hardware with OEM bumpers included.

Gas stove top resurfaced, gas oven, new microwave installed 1/2017.

New Delta faucet installed 6/2019. Original Bluebird toaster in toaster garage, works.

Includes Nutone built-in food processing system: includes blender/ mixer. Original attachments.

Coach has 3 Suburban L P furnaces with Dinosaur boards. All function well.

Three Cruise Aire A/C units, two with new compressors.

Generator rebuild and update – Perkins Kohler 12.5kw diesel generator had 1,085 engine hours when we purchased coach 2013 and was non-functioning at that time. July 2017 removed generator assembly from coach and determined a new generator head was needed. Head was purchased from Central Georgia Generator, Model #CGG164C+13.5kw single phase SAE#4/7.5 with auxiliary winding. At this time, I also rebuilt the radiator, installed new water pump, new fan motor, new belt, new hoses, new thermostat, new water & oil safety switches, new muffler and exhaust. New relays in control box and new start/stop solenoid. August 2018 removed injector pump and had rebuilt by Able Fuel Injection in Lewisville Texas.

Prior to our purchase of the Wanderlodge, the following work was performed by Foley Auto RV in Foley AL:

10/24/2009 - Bill Wallace prior owner- had an Allison Mt 643 Transmission installed (rebuilt) with 3,392 engine hours. Cost \$4,557.13.

2/6/2007 - Rex Western prior owner - had work performed by Al Garcia Truck repair in Norco Ca at 92,921 miles on coach: belts, radiator re-cored, new Horton air clutch fan hub assembly, hoses, & thermostats. Cost \$5,883.19

2/6/2008 - Rex Western had work performed by Curts Diesel Repairs in Corona CA at 93,442 miles/2,979 engine hours.

8 new air bags installed, flex plate and adapter, new starter & 160 AMP alternator. Cost \$5,178.02

\*\* Includes receipts and documents for all parts and work done.
